

**ARE YOU LOOKING FOR A SINGLE SOLUTION TO YOUR BUSINESS SOFTWARE?**

**ARE YOU LOOKING FOR EXPERIENCED AND DEDICATED SOFTWARE CONSULTING?**

GT Business Solutions Pty Ltd are resellers of a range of business software solutions for small to medium size enterprises.

With a team of dedicated consultants and over 30 years of experience, GT Business Solutions can provide the advice and support to make your systems work for you.

GT Business Solutions currently provide support for a wide range of businesses in Australia, Fiji and Singapore.

Our objective is to provide our customers with a solution that will provide, quick and effective tools to help them make those important business decisions.

GT Business Solutions are value added resellers of Greentree Software.

Greentree Software delivers a completely on-line, real-time business solution, with all business functions totally integrated. Greentree also integrates seamlessly with common desktop tools for business reporting, budget modeling, transaction entry and document management.

This integration can help to streamline your internal processes resulting in increased productivity across all areas of your business.

Greentree provides a very wide range of modules that can be added to as your business requirements change.

These include:

Financials, Distribution, POS, Job Cost, Manufacturing, Customer Relationship, Payroll and Human Resources.

Many of these modules have web and internet functionality that business require in today world.

Greentree Software has been developed locally for the local market but is also sold internationally in Europe and the US.

Greentree Software has been developed by the same people that developed the highly successful CBA software.

**CBA SOFTWARE**

If you are currently using CBA software, we would be happy to provide you with an obligation free quote to upgrade to Greentree

Software. There are some special incentives for CBA customers upgrading to Greentree.

Alternatively we can provide support for your current CBA installation.

For more information about Greentree or CBA visit :

[www.greentree.co.nz](http://www.greentree.co.nz)

**DOES YOUR BUSINESS REQUIRE  
PROCESS MANUFACTURING ?**

**DO YOU NEED SOFTWARE WITH  
SUPPORT IN ASIA (including a  
Chinese language version) ?**

**SAGE PFW**

GT Business Solutions are also resellers of Sage PFW Software.

Sage PFW is the only software of its kind that was developed from the ground up to address the unique challenges of process manufacturing.

Developed for process manufacturers in the paints and coatings, specialty chemical, food and beverage, adhesives/sealants, and pharmaceutical, cosmetics and fragrances, nutraceutical and life science industries, Sage PFW streamlines processing from formula research and development, to production and the printing of labels and MSDS. Flexible measurement and batch sizing capabilities ensure you minimize waste and maximize profitability.

SAGE PFW is sold around the world including ASIA. So if you have offices overseas we can organize local support for PFW, enabling you to confidently use the software in both locations.

For more information about SAGE PFW visit:
